Respite Care & Short Term Stays

Temporary Assistance when you need it

The not-for-profit difference

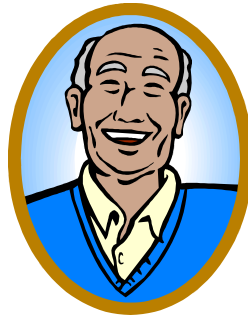

206 937-2800, ext. 5187

Temporary Assistance when you need it:

Caring for your loved one every day can be both a rewarding and challenging experience. If you need temporary assistance, consider a short-term stay at The Kenney. We understand your desire to have only the best care available while you schedule time away to recharge, renew and relax in a worry free manner.

Short term stays are also a way for you and your family to evaluate our community prior to becoming a permanent resident, or when needing extra assistance or therapies after a hospital visit or during an illness.

What is Respite Care?

Respite Care is more than “time off” for the caregiver. This is a necessary relief from the physical and emotional stress often experienced by caregivers. Caring for a person 24– hours a day is a job that can often drain energy in the body, mind, and spirit. Respite Care gives the caregiver time for rest, recreation, and personal errands, as well as time to rejuvenate their mind and heart.

Please phone today to schedule a visit or to arrange for care.

Short-term residents may also enjoy:

- Three nutritious meals served daily, featuring a variety of menu options
- Multiple snacks throughout the day
- Assistance with daily activities such as bathing, dressing, and personal hygiene
- Scheduled recreational activities including spiritual services, outings, and daily socials
- 24– hour staffing
- Therapy Services available on-site
- Full service Salon/Barbershop on-site
